

Physics alumni

Welcome to the alumni website of the Faculty of Physics and Astronomy.

On this page an internet presence is under construction, which will enable visitors to easily get in contact with current and former members of the faculty.

As part of the alumni program of the Faculty of Physics and Astronomy the following topics and events are planned:

- ›frequent series of lectures on current topics
- ›academic faculty celebration (annual celebration)
- ›information on research and student training (web, print)
- ›information on the development of the faculty (web, print)
- ›information on job / placement assistance
- ›.....

If you are interested in our alumni program or have any suggestions on how to expand the topics listed above please contact us by email.

 [Email the alumni team of the faculty](#)
