

## The new CIP-Pool

**CIP** stands for **C**omputer **I**nvestment **P**rogram.

It is a program of the [Deutsche Forschungsgemeinschaft](#) (German Research Foundation) which was initiated in 1985 by the federal ministry for education and research. Its purpose is to increase the use of computers in student training.

The CIP-Pool enables students to access the internet and to use computer resources, for example for email, world wide web, Unix courses, programming courses.

On the following pages you will find information on how and where to get an [account](#), [news and announcements](#), current [terms and conditions](#), short instructions of how to change your [settings](#), comments on the [computers](#) in use, a short guide on how to set up your own [homepage](#), some advice about [safety](#) and a brief overview of the installed [software](#).
