

POSTDOCTORAL POSITION THEORETICAL PARTICLE PHYSICS

The Institute for Theoretical Physics and Astrophysics at the University of Würzburg invites applications for a postdoctoral position in theoretical particle physics to be filled in the fall of 2019 or earlier. The initial appointment will be for two years with a possibility of an extension. The applicants should have experience in collider physics and/or higher-order perturbative calculations.

The theoretical particle physics group currently consists of 7 faculty members and postdocs and about 7 PhD and master students. The research focus is on particle phenomenology, in particular LHC physics.

The group is partially funded by the German Federal Ministry of Education and Research (BMBF).

Additional information can be found at

<http://www.physik.uni-wuerzburg.de/tp2/>.

Applications should be sent, including a CV, a list of publications and a brief research statement, to

Lehrstuhl für Theoretische Physik II
Universität Würzburg, Campus Hubland Nord
Emil-Hilb-Weg 22
97074 Würzburg
Germany
email: tp2-jobs@physik.uni-wuerzburg.de

before November 10th, 2018. Later applications will be considered as long as openings exist. In addition, three letters of recommendation should be sent to the same address.

The University of Würzburg is an equal opportunity employer and encourages applications from women, handicapped people, and minorities.
